TECHNOLOGY & MAINTENANCE COUNCIL

TURNING EXPERIENCE INTO PRACTICE

November 6, 2017

Dear Trucking Industry Professional:

The Technology & Maintenance Council (TMC) invites you to join us for our 2018 Annual Meeting & Transportation Technology Exhibition, March 5 - 8 at the Georgia World Congress Center in Atlanta, Ga.

In addition to a strong slate of educational sessions, TMC's Annual Meeting includes trucking's complete technology tradeshow featuring technical experts from the industry's top manufacturers and suppliers.

In 2018, TMC will focus on driving excellence through expertise. The Council's 2018 Annual Meeting carries on its tradition of providing thought leadership with a focus on ways to improve sustainability and fuel efficiency. Several of our educational sessions will address emerging powertrain technologies and vehicle electrification, next generation training technologies and practical means of applying telematics data and sound management principles to maintenance and equipment specification, as explained in detail in the enclosed meeting brochure.

I invite you to join us for this industry-wide celebration of technical leadership and innovation. During the week, there will be more than 100 industry task forces meeting to resolve issues critical to your fleet, as well as a broad offering of technically oriented educational sessions. TMC's Annual Meeting & Transportation Technology Exhibition remains the premier event for fleet management and offers a comprehensive array of information that is vital to the growth and success of your company.

For details, see the enclosed meeting brochure and registration form, or visit TMC's website — <http://tmcannual.trucking.org> or call the TMC offices at (703) 838-1763.

I encourage you to take advantage of this opportunity and join us at TMC's 2018 Annual Meeting. We look forward to seeing you in Atlanta!

Sincerely,

Robert Braswell
TMC Executive Director
