TECHNOLOGY & MAINTENANCE COUNCIL

TURNING EXPERIENCE INTO PRACTICE

November 18, 2022

Dear Trucking Industry Professional:

The Technology & Maintenance Council (TMC) invites you to join us for our 2022 Annual Meeting & Transportation Technology Exhibition, March 7-10 at the Orange County Convention Center in Orlando, Fla. In addition to a strong slate of educational sessions, TMC's Annual Meeting includes trucking's complete technology tradeshow featuring technical experts from the industry's top manufacturers and suppliers.

In 2022, TMC will focus on electrifying performance in maintenance management. The Council's 2022 Annual Meeting carries on its tradition of providing thought leadership with a focus on ways to improve maintenance, sustainability and fuel efficiency. Several of our educational sessions will address emerging truck/trailer technologies, vehicle electrification issues, key performance indicators and benchmarking solutions, and equipment specification trends, as explained in detail in our meeting brochure.

I invite you to join us for this industry-wide celebration of technical leadership and innovation. During the week, there will be more than 100 industry task forces meeting to resolve issues critical to your fleet, as well as a broad offering of technically oriented educational sessions. TMC's Annual Meeting & Transportation Technology Exhibition remains the premier event for fleet management and offers a comprehensive array of information that is vital to the growth and success of your company.

For details, browse TMC's event microsite — <http://tmcannual.trucking.org> or call the TMC offices at (703) 838-1763.

I encourage you to take advantage of this opportunity and join us at TMC's 2022 Annual Meeting. We look forward to seeing you in Orlando!

Sincerely,

Robert Braswell
TMC Executive Director
